## ***WEAP Single-Site License Agreement***

The Water Evaluation and Planning (WEAP®) System, developed by the Stockholm Environment Institute, is a software tool designed to assist researchers and policy makers in evaluating water supply policies and developing sustainable water resource plans. Minimum requirements: Windows XP, 512 MB of RAM.

To receive WEAP, fill out the information below and return a signed copy of this agreement to Mr. Jack Sieber. Upon payment of the license fee, the licensee will receive the code that unlocks the evaluation version of the WEAP software. During the 2 year license period, licensed users are entitled to free upgrades.

Name: \_\_\_\_\_

Organization: \_\_\_\_\_

Mailing address: \_\_\_\_\_

Telephone: \_\_\_\_\_ Fax: \_\_\_\_\_

Website: \_\_\_\_\_ Email: \_\_\_\_\_

- License fee:  \$1000: Accredited academic institution, 2 year term  
 \$3000: Other users (non-consulting license), 2 year term

*Note: The license fee may be waived for organizations conducting collaborative studies with SEI. Contact SEI for information.*

- Payment:  Check enclosed, payable to Stockholm Environment Institute U.S.  
 Wire transfer: Contact us for bank account information

Terms: This license is for a 2 year period, and for a single user or several users at a single site (e.g., organizational department, node, or locale). No copies of the WEAP software or the information required to unlock the software can be distributed to any other individual or organization. For multiple site arrangements, contact SEI. This license does NOT entitle the organization to use WEAP at more than one site, or for consulting purposes.

I agree to limit use and distribution of the WEAP software to the terms above.
